cotion of Mr. A. B. Williams, the notion of Aldermen, then in, and say that the funds for the fair were in hand and the fair he held here this fall; W. T. Dabney, the Cabell and A. B. Williams, The keld here the fair were not met by the proceeds of the game there. But in Richmond the visiting club always goes away with five or six hundred dollars to the good.

Portsmouth is kicking against the shedule; but after the winning streak grows are considered to the constant of the constant that the Board had concurred in the ac-tion of the Common Council, by but two dissenting votes, in purchasing the fair

tion of the Common Council, by but two dissenting votes, in purchasing the fair site, there was general applause.

After hearing this report, Chairman Stuart said that the two main troubles of the fair were actifed. The question of finances and the fair site.

The following motion was then offered by Colonel John Murphy, and unanimously adopted:

"Whereas the sum of \$110,000 has been actually subscribed, and whereas the State Pair Association has piedged itself to place additional stock to the amount of \$5,000, making a total of \$110,000, the directors, therefore elected, are requested to meet at the earliest practicable date, elect officers under authority heretofore given, and proceed actively with the purposes of the association."

On motion of E. T. D. Myers a vote of thanks was tendered to Mr. Dahney for the earnest and successful work he had done in behalf of the fair.

Directors to Meet.

Directors to Meet.

Chairman Stuart said that he would send out notice to day to the directors, calling them to meet in the near future for the purpose of electing officers and going ahead with the work. Application for the charter will be made after this

Chairman Stuart sold that he would send out notice to-day to the directors, calling them to meet in the near future for the purpose of electing officers and going ahead with the work. Application for the charter will be made after this meeting.

In concluding the meeting Mr. Stuart said that the association had about five months in which to get everything ready and have the fair in Getober. He said that the association had about five months in which to get everything ready and have the fair in Getober. He said that the had made inquiries swillout to be assured that bulkers and material in plenty would be forthcoming as soon as needed. He also said that he had received ample assurance that the first fair would be a success, is a large amount of exhibits of all kinds of like stock, farming macinitiery and implements, as well as farm products, would be on hand to make it a success, work will be stated shortly in clearing off the truct for the site, getting the Golden of Visitors, necepted the gift, and could only repeat the processor of the Medical College of Virginia this stand You have Always Bought!

NO AUDITORIUM

Upper Branch Refuses to Adopt Mayor McCarthy's Recent Suggestions.

CONCUR IN FAIR RESOLUTION

Agree With Common Council to Purchase Site-Ordinance to Widen Franklin Street.

The auditorium proposition submitted by Mayor McCarthy, and adopted by the The auditorium proposition submitted by Mayor McCarthy, and adopted by the Common Council, went glimmering in the Board of Addormen last night, when that body refused to concur on and unrecorded vote, and after brief discussion.

The session was a long one, and the calcular was not cleared up even then. A concurrence of the council of the proposition to purchase the council, by a vote of 16 to 2, concurred in the proposition to purchase the Board, by a vote of 16 to 2, concurred in the proposition to purchase the council on, and Mr. Blair at last got through the ordinance to widen France. There in the Lee District.

A long, and at times, spirited debate took place over the resolution passed by the lower branch, awarding a contract for sewer work, involving about \$10,000 to T. A. Barry & Co. The board refused to concur by a vote of 10 to 8.

Major Allen offered a resolution, which was referred, requiring the Richmond, Trederlessburg and Potomac Railread Company to remove all its spur tracks on Brond, from Belvidere to Ryland Street.

Called to Order.

The board was called to order by President Turpin at \$39 o'clock, and the routine business on the calendar was rapidly disposed of.

The resolution looking into the feasibility of erecting a large auditorium, already adopted by the lower branch, was laid before the body, along with the message on the subject from His Honor the Mayor.

Mayor.

Air. Blair opposed the resolution, and said it would be impossible to complete such a building within the time specified. Agan, he opposed it on the ground that the city could not afford such a structure at this time. Messrs. Blair and Allen suid the city had given her bond for \$50,000 for the battle abbye. Upon the assurance of responsible citizens that a suitable authorium would be built in connection therewith.

The resolution was rejected without the Carnival Results.

A large and enthuslastic meeting was held yesterday, of floral carnival officers and workers, in the assembly hall of Woman's Christian Association with most gratifying results.

After all expenses were provided for, it was ascertained that a balance of over a thousand dollars for both the Woman's Christian Association and Day Nursery remained, the undivided net proceeds of the carnival being something more than two thousand dollars.

Though the ladles had hoped for more, yet considering that the carnival date unfortunately coincided with the San Francisco disaster, they felt that they had much to be thankful for, on behalf of the two institutions for which they had labored.

and that the body was now ready for organization.

He said he and Messrs, H. L. Cabell and Alfred B. Williams has been sent from a meeting of the Fair Committee to say this to the board.

Alessrs, Cabell and Williams were present, but did not speak.

Mr. Dabney was asked a good many questions by Messrs, Goo, J. Seay, Minor and others, but the latter appeared to desire some information, rather than to interpose objections.

The proposition was advocated by Mr. Blair, and he thought the money derived from the saie of the Clark Spring property should be applied to the payment of the debt.

The ordinance was concurred in by the following vote:

Noes: Messis, Mann and M. Fill Seay-2.

The board concurred in a large number of ordinances and resolutions relating to improvements, both public and private, and there were a series of monotonous roll calls by the clerk.

Mr. Minor opposed awarding the contract for constructing a sewer in Hosipital Street to Mr. Thos. A. Barry, and he argued at some length in favor of his contentions. Mr. Whittet favored awarding the contract to Barry, and said it was a mere personal difference between the contractor and the engineer. Mr. Rennoolds agreed with Mr. Minor, and said he would not award a contract to a man who was sting him in the courts. Mr. Barry sued the city some time ago on a contract, and the suit is still pending.

on a contract, and the contract, and the contractor, and said he was responsible, and should have the contract, because he was the lowest bidder. Mr. Blair thought it would be bad policy to treat further with a man who was already saing the city. He did not wish to punish Mr. Barry, but he thought he should not be given any more contracts pendnet he given any more contracts pend-

thought a man betore bidding on work had a right to modify specifications. He expressed the belief that Mr. Barry is honest, and said the fact that he was suing the city was not sufficient to deprive him of contracts, when his work had been satisfactory and he was the lowest responsible bidder.

Mr. Scay's Views,

Mr. George J. Seay thought the advice of the city engineer and city attorney should be followed. He opposed the award, and it was favored by Mr. Datney, who said the Street Committee had during the day awarded Mr. Barry contracts for amounts not large enough.

during the day awarded Mr. Barry contracts for amounts not large enough to come before the Council. Mr. Adams spoke against the award, and said he had so voted in the committee.

A good deal of cross-firing took place, and Mr. Adams admitted that he had during the afternoon voted on the Street Committee to award a small contract to Barry, but he said it was not for sewer work, but for paving, and Barry's work in this line had always been satisfactory. Mr. Satterfield said he was willing to stand by the city engineer and city attorney, and he asked Mr. Dabney what did the city have an engineer for. "We haven't got him to advise us or prejudiced judgment," was Mr. Dabney's

Popular young physicians who were recently appointed members of the ambulance corps.

was referred, requiring the Richmond, Fredericksburg and Potomae Reilrond Company to take up all its spur tracks on Broad Street, between Belvidere and Ryland Streets. He said he offered the paper to keep alive a principle in which he had long believed. He neked its adoption, and when it was referred, Major Allen said, with a wave of his hand: "I never expect to hear of it again."

The Board concurred in the ordinance to widen Franklin Street, in Lee District, and to appropriate \$3,000 for this purpose, the matter having been called up out of its order by Mr. Blair.

The Board adjourned to meet to-morrow night at 7:30 o'clock.

A Delightful Evening.

and blue, and there was a large attendance thankierothet's had been collected from nearly thirty States, and these were displayed in Amost artistic manner.
